

Town of Victoria: 2026 Administrator's Decisions

Date	Directive	Rational	Administrator's Decisions
09-Mar-26	035-2026	Operational: The sign is placed on Town-owned property and is not authorized for installation. Public Works is therefore instructed to remove it at the earliest opportunity. The Town Clerk Manager has confirmed that the private road sign was not approved to be placed on town property.	Directive: The Public Works Department is directed to remove the "Private Road" sign located near the turnaround area on Church Road.
13-Mar-26	036-2026	Development: Permits are required for any ditching, berm work, or culvert changes. This section of the road was upgraded by the Town in 2022.	Directive: Public Works is authorized to move ahead with fixing the berm on Ash's Road. The plan is to remove part of the berm so the area returns to the natural slope of the land. If the berm is not adjusted, the integrity of the road could be affected, which may create a safety issue for residents.
