The Clerk mentioned Mr. Max Slade and the property owned by him and Mrs. Maureen Power on Highway East. He placed boulders across the driveway to deter motorists from using this access to go up Slades Road. Apparently there is a dispute over the property and Mrs. Power is saying that Mr. Slade had no right to block the driveway because the driveway is on her property. Mr. Slade took the boulders away from the entrance. Discussion was held and it was decided to call Mrs. Power about the access and ask if it can be blocked again to deter motorists from using it to drive up Slades Road. Slade's Road is a one-way street and motorists should not be using this access.

NEW BUSINESS

DEPUTY MAYOR BARRY DOOLEY; He mentioned the two pastors leaving the Victoria Pentecostal Church this Summer and that a card of thanks should be sent to both couples from Council. Pastor and Mrs. Luff and Pastor and Mrs. Newman have helped out tremendously in the community since their

ministry here. This was approved by Council.

2. He mentioned that there have been complaints about the accumulation of materials such as gravel, sand etc., on the property of Mr. Harold Evely and close to the highway. Discussion was held and the Clerk will ask the Working Foreman to check this out.

COUNCILLOR LYNN BURKE EVELY; She mentioned the problem experienced by Mr. Robert Butt on Gully Path Road and with sewage blockages. He is asking to connect to the Town's sewer system. Mr. Butt had attended the last Council meeting regarding this problem. Discussion was held and it was decided that the Town Planning Committee will contact Mr. Tom Harris of Harris and Associates to have some shots done on Gully Path Road and to see if and where sewer can be installed to the houses on this road.

MAYOR ARTHUR BURKE; He told Council that he received a call from Premier Grimes office inviting him to the Fairmont Hotel tomorrow morning for the announcement on the Voisey's Bay Project. He cannot attend this function but, Councillor Hiscock agreed to attend this meeting on behalf of Mayor Burke.

2.`He mentioned the Leadership Forum which himself and Councillor Hiscock attended last weekend in Gander. He stated that a lot of interesting things were discussed at the various seminars and particularly by Occuptional Health and Safety on what has to be put in place by employers for safety purposes and to protect their employees. He mentioned safety harness for employees when they have to go down into manholes and gas monitors to detect any gas build up in the hole. Discussion was held and the Clerk was asked to check around to get prices for this equipment.

3. He stated that the Fire Department is looking for one of the old computers taken out of the Town office. Discussion was held and it was decided to look at this request.

4. He mentioned that Capital Works funding will be announced shortly and there should be some funding for Victoria but, not sure how much there will be or what it will be designated for. Mr. Sweeney will be announcing the funding for Victoria.

5. He also mentioned that the Chain of Office is in bad shape and Council needs to look at replacing it. It was decided to look at purchasing a new Chain of Office this coming Fall.

6. He also mentioned business cards again for Councillors. The Clerk was asked to check on the price again at the Hub in Carbonear.

REGULAR MEETING
MAY 27TH, 2002

A regular meeting of Council took place on the above date at 7:30 pm. with Mayor Arthur Burke presiding and the following members of Council in attendance:

DEPUTY MAYOR	**BARRY DOOLEY**
COUNCILLORS	**ROBERT CLARKE**
	VIVIAN HISCOCK
	LYNN BURKE EVELY
	INGEMAR DEAN
	FRANK CLARKE

VISITORS BUSINESS

MRS. RUBY SUMMERS was at the meeting and regarding the ditch dug by Mr. Mitchell Oates on his property and possibly diverted to run onto her property. Mayor Burke told Mrs. Summers that the Town Planning Committee members visited the site and Mr. Oates was told to fill in the ditch immediately. She also mentioned the clay that he had piled against her fence and was told by Mayor Burke that this is a civil matter and Council would not get involved. With no other business, Mrs. Summers left the meeting. The Working Foreman was asked to check and see if the ditch was filled in by Mr. Oates.

MR. ROBERT BUTT was at the meeting regarding his properties on Gully Path Road. He is having problems with the sewer to the houses on this road and wanted to know if there was any way that he could hook on to the Town's sewer line. Apparantly he has the same problem every year with blocked sewer to the houses. He was told that he cannot connect to the sewer on Penney's Hill or Main Highway because of the elevation on Gully Path Road and this is the reason why this road is not a priority under the Five Year Capital Works Plan for sewer. A lift station would have to be installed in order for Gully Path Road to receive sewer. Discussion was held and Mr. Butt was told that his request would be looked at to see if there is anything that can be done to alleviate the problem. With no other business, Mr. Butt left the meeting.

MR. GEORGE W. BALDWIN was also at the meeting. He had a complaint about a bad smell on the water and especially when filling the bath tub in his house. Discussion was held and the Working Foreman explained that the chlorinator was empty for a while last weekend and this may have caused the smell in the water. Deputy Mayor Dooley noticed the same thing when he showered last Sunday. The Working Foreman stated that this was rectified on Monday and the water is okay at the present time. He told Mr. Baldwin that he would give him a sterilized bottle and if the smell is on the water in the future, he can take a sample and bring it back to the Council office where it will be taken to Harbour Grace for testing.

MR. LIAM HALEY OF CREDIT RECOVERY was also at the meeting at the request of Council and to go over the services provided by his company. He was asked about the payment structure of his company and he explained that they do not get paid unless monies are collected for the client. He explained the collection procedures of the company and that once the accounts are sent in, they are automatically listed with Trans Union and will remain there for 6 years even if the account is paid in full. When the client is looking for credit at any bank or financial institution, it will show up in their file that they have money owing to the Town of Victoria and is possibly a bad risk for a loan, credit card etc.. The clients are contacted on behalf of the Town and the more information given on the account, the better the success of getting in contact with them and assuring that the account is collected. Any accounts that are over 7 years old are not collectible under the Statutues of Limitations Act but, can be listed with Trans Union. Mr. Haley presented the list of accounts that are presently listed with Credit Recovery by the Town of Victoria and

some they are having difficulty in contacting. The Clerk will check to see if there is more information that she can obtain on these accounts. He thanked Council for the opportunity to attend the meeting and apologized for the misunderstanding regarding the Court Case involving Mr. Fred Murray and his tax arrears for property he purchased on Ash's Lane. This case was heard recently in Provincial Court in Harbour Grace and which the Clerk attended along himself and another representative from his company. The judge ruled in favour of the Town and Mr. Murray is required under law to pay his arrears. With no other business, Mayor Burke thanked Mr. Haley for attending the meeting and told him that his company would be receiving more accounts to collect in the near future. Mr. Haley left the Chambers.

The minutes of May 13th, 2002 were read and the following errors were noted;

1. Bottom of page 4; Late Mrs. Sheppard, not Late Mrs. Sutton.

2. Page 5; Victoria Lions Club's letter, should be Councillors not Councillor.

With no other errors and no omissions, it was moved by Councillor Vivian Hiscock and seconded by Councillor Lynn Burke Evely that the minutes be adopted as read.

The Clerk mentioned that Mr. Brian Cole has an application in correspondence to operate a garage in the former Tricon Services building and was told that in order for his application to be approved the taxes belonging to Mr. Moore must be paid in full and the property around the garage must be thoroughly cleaned up.
